

INTRODUCING THE ALL NEW MyPilot APP.

Time is money – especially for a professional driver. Every minute that they don't have to spend waiting at the pump, standing in line for a shower or searching for parking can be used to drive another mile, earn another dollar, or relax and refresh.

Fuel Lane Wait Status

- See which fuel lane is likely to open up next

Cardless Fueling

- Secure connection to all billing company networks for a safe and reliable cardless transaction
- All driver information can be entered prior to arriving to the pump, and saved for future use
 - A pin code allows drivers to begin fueling
 - Faster throughput = happier drivers

Mobile Wallet & Receipts

- Store card numbers and choose from saved payment options
- Receipts delivered right to their mobile device, to email or save for later

Shower Reservations

- Reserve a shower before coming into the store
- Get in line without waiting in line

Parking Reservations

- Coming later this year

App will be available for free download this Summer in both Google Play and the App Store.

We will also be securing a text-to-download short code to ensure the app is easy to access.
